APPLICATION TO THE NATIONAL ENERGY BOARD FOR APPROVAL OF THE MACKENZIE VALLEY PIPELINE VOLUME 1: PIPELINE OVERVIEW

TABLE OF CONTENTS

Letter of Transmittal	
The Application	
Application	
Cautionary Note to Investors	
Preface	
Executive Summary	P-i
Guide to the Application	P-iii
Contents	
Table of Contents	xvii
List of Illustrations	xxiii
1. Overview	
1. Introduction	1-1
1.1.1 Mackenzie Valley Pipeline	1-1
1.1.1.1 Pipeline Location	1-1
1.1.1.2 Mackenzie Valley Pipeline Components	1-2
1.1.1.3 Mackenzie Gas Project Components	1-2
1.1.2 Proponents	1-3
1.1.3 Environmental Impact Assessment	1-4
1.1.4 Public Consultation	1-4
2. Economic Feasibility, Justification and Alternatives	1-7
1.2.1 Purpose	1-7
1.2.2 Economic Feasibility	1-7
1.2.2.1 Gas Supply	1-7
1.2.2.2 Contractual Commitments	1-7
1.2.2.3 Gas Markets	1-8
1.2.2.4 Financing	1-8
1.2.3 Mackenzie Gas Project Alternatives	1-8
1.2.3.1 Background	1-8
1.2.3.2 Concepts Considered	1-8
1.2.3.3 Single-Phase Design	1-9
1.2.3.4 Two-Phase Design	1-9
1.2.3.5 Dense-Phase Design	1-9
1.2.3.6 Selected Concept and Design	1-10
1.2.4 Mackenzie Valley Pipeline Alternatives	1-10
1.2.4.1 Alternative Designs	1-10
1.2.4.2 Alternative Pipeline Routes	1-11

1.2.5	Justification	1-11
3.	Capacity Flexibility	1-13
1.3.1	Initial Pipeline Delivery Capacity Rationale	1-13
1.3.2	Forecast Requirements	1-13
1.3.3	Expansion Capacity	1-13
4.	Tolls and Tariffs	1-15
1.4.1	Open Season Process	1-15
1.4.2	Precedent and Firm Service Transportation Agreements	1-15
1.4.3	Types of Service	1-15
1.4.4	Tolling Principles	1-16
1.4.5	Tariff Principles	1-16
5.	Project Schedule	1-19
1.5.1	Regulatory Schedule	1-19
1.5.2	Preliminary Project Schedule	1-20
1.5.3	Major Milestones	1-20
6.	Goals and Priorities	1-23
1.6.1	Purpose	1-23
1.6.2	Project Goals	1-23
1.6.3	Project Priorities	1-23
1.6.3.1	Safety, Health and Environment	1-23
1.6.3.2	Quality	1-24
1.6.3.3	Cost	1-24
1.6.3.4	Schedule	1-24
1.6.4	Contracting Principles	1-24
1.6.4.1	Northern Contractors	1-24
1.6.4.2	Construction Labour	1-25
7.	Regulatory Context	1-27
1.7.1	Background	1-27
1.7.2	Regulatory Process	1-27
1.7.3	Primary Approvals Requested	1-27
1.7.4	Other Regulatory Approvals for the Mackenzie Valley Pipeline	1-28
1.7.4.1	Licences, Permits and Authorizations for the Mackenzie Valley Pipeline	1-28
1.7.4.2	Regulatory Approvals for Other Components of the Mackenzie Gas Project	1-28
1.7.5	Interconnecting Facilities in Alberta	1-29
2.	Engineering and Construction	
1.	Introduction	2-1
2.1.1	Mackenzie Valley Pipeline	2-1
2.1.2	Design Basis	2-1
2.1.3	Facilities	2-3
2.	Design Basis	2-5
2.2.1	Applicable Regulations, Codes and Standards	2-5
2.2.2	System Design	2-5
2.2.3	Expansion	2-7
2.2.4	Interconnections	2-8
3.	Selected Pipeline Route	2-11
2.3.1	Route and Site Selection Process	2-11
2.3.2	Proposed Route	2-11

2.3.3	Inuvik to Norman Wells	2-12
2.3.3.1	Route	2-12
2.3.4	Norman Wells to Willowlake River	2-12
2.3.4.1	Route	2-12
2.3.5	Willowlake River to Northwestern Alberta	2-14
2.3.5.1	Route	2-14
4.	Construction	2-17
2.4.1	Construction Planning	2-17
2.4.2	Construction Schedule	2-17
2.4.3	Logistics And Transportation	2-19
2.4.4	Infrastructure	2-20
2.4.5	Land Requirements	2-21
2.4.6	Construction Resources	2-21
2.4.7	Pipeline Construction	2-22
2.4.8	Pipeline Installation	2-25
2.4.9	Facility Construction	2-27
2.4.10	Commissioning and Start-Up	2-28
5.	Operations	2-29
2.5.1	Operating Standards	2-29
2.5.2	System Operation and Maintenance	2-29
2.5.2.1	Pipeline and Facility Operations	2-29
2.5.2.2	Right-of-Way Inspections and Repairs	2-29
2.5.2.3	Facilities	2-29
2.5.2.4	Maintenance Bases	2-30
2.5.2.5	Emergency Response	2-30
2.5.2.6	Staffing	2-30
2.5.3	Leak Detection	2-31
2.5.4	Pipeline Integrity Management Plan	2-31
2.5.5	Abandonment and Reclamation	2-31
2.5.6	Operating Costs	2-31
3.	Environmental Impacts	
1.	Introduction	3-1
3.1.1	Scope	3-1
3.1.2	Key Issues	3-1
3.1.3	EIS Objectives	3-1
3.1.4	Approach	3-2
3.1.4.1	Methods	3-2
3.1.4.2	Stage 1	3-2
3.1.4.3	Stage 2	3-2
3.1.4.4	Stage 3	3-2
3.1.4.5	Stage 4	3-3
3.1.4.6	Stage 5	3-3
3.1.4.7	Public Participation	3-3
2.	Biophysical Effects	3-5
3.2.1	Scope	3-5
3.2.2	Air Quality	3-5
3.2.3	Noise	3-6
3.2.4	Groundwater	3-7
3.2.5	Hydrology	3-8

3.2.6	Water Quality	3-9
3.2.7	Fish and Fish Habitat.....	3-10
3.2.8	Soils and Landforms.....	3-11
3.2.9	Vegetation	3-13
3.2.10	Wildlife.....	3-14
3.2.11	Cumulative Effects	3-16
3.	Socio-Economic Effects.....	3-19
3.3.1	Scope	3-19
3.3.2	Regional Economic Effects	3-19
3.3.2.1	Capital and Operating Expenditures	3-19
3.3.2.2	Employment	3-21
3.3.2.3	Labour Income	3-22
3.3.2.4	Demography and Population Mobility.....	3-23
3.3.3	Infrastructure	3-25
3.3.3.1	Transportation	3-25
3.3.3.2	Energy and Utilities	3-26
3.3.3.3	Housing	3-26
3.3.3.4	Recreation Resources	3-28
3.3.3.5	Governance	3-28
3.3.4	Individual, Family and Community Wellness.....	3-29
3.3.4.1	Community Well-Being and Delivery of Social Services	3-29
3.3.4.2	Health Conditions and Health Care Services	3-31
3.3.4.3	Human Health Risks	3-33
3.3.4.4	Public Safety and Protection Services.....	3-33
3.3.4.5	Education Attainment and Services	3-34
3.3.5	Traditional Culture	3-35
3.3.5.1	Traditional Harvesting and Land Use	3-35
3.3.5.2	Preserving Traditional Language and Culture	3-35
3.3.6	Non-Traditional Land and Resource Use.....	3-37
3.3.6.1	Protected Areas	3-37
3.3.6.2	Visual and Aesthetic Resources	3-39
3.3.7	Heritage Resources.....	3-40
3.3.8	Traditional Knowledge.....	3-41
4.	Public Consultation	
1.	Consultation Approach	4-1
4.1.1	Purpose	4-1
4.1.2	Consultation Principles.....	4-1
4.1.3	Consultation Program Objectives.....	4-1
4.1.4	Consultation Structure	4-2
4.1.5	Future Consultation	4-3
2.	Key Concerns and Responses	4-5
4.2.1	Stakeholder Concerns.....	4-5
4.2.2	Economic Concerns.....	4-5
4.2.3	Social Concerns.....	4-6
4.2.4	Environmental Concerns	4-6
4.2.5	Response to Concerns	4-6
5.	Capital Cost Estimate	
1.	Cost Estimate Basis.....	5-1

5.1.1	Estimate Scope	5-1
5.1.1.1	Materials and Equipment	5-1
5.1.1.2	Capital Spares	5-1
5.1.1.3	Construction	5-2
5.1.1.4	Owners', Engineering and Project Management	5-2
5.1.1.5	Exclusions From Estimate	5-3
5.1.2	Allowances	5-3
5.1.2.1	Contingency	5-3
5.1.2.2	Special Risk Allowance	5-3
5.1.2.3	AFUDC	5-4
2.	Capital Cost	5-5
5.2.1	Total Cost	5-5
5.2.2	Detailed Costs	5-5
