

Table of Contents

Executive Summary	i
Purpose.....	i
Dickins Lake Section	i
Vardie River Section.....	i
Approach and Scope	ii
Combined Project Effects	ii
1. Introduction	1-1
Purpose of this Document.....	1-1
Scope of this Document	1-1
Regulatory Authorities.....	1-3
Approach.....	1-4
EIS Overview	1-5
Mackenzie Gas Project Overview.....	1-6
NGTL Project Overview.....	1-7
Facilities	1-7
Pipeline	1-9
Infrastructure.....	1-9
Construction	1-10
Testing and Commissioning	1-12
Operations and Maintenance.....	1-13
Decommissioning and Abandonment.....	1-14
2. Air Quality	2-1
Introduction.....	2-1
EIS Summary	2-1
Study Areas.....	2-2

Baseline.....	2-2
Effects on Air Quality.....	2-5
Effect Pathways	2-5
Effect Attributes.....	2-6
Analysis and Significance.....	2-8
Effects on Greenhouse Gas Emissions	2-12
Effect Pathways	2-12
Effect Attributes.....	2-13
Analysis and Significance.....	2-13
Combined Project Effects	2-14
3. Noise	3-1
Introduction.....	3-1
EIS Summary	3-1
Study Areas.....	3-2
Baseline.....	3-2
Effects on Noise.....	3-2
Effect Pathways	3-2
Effect Attributes.....	3-3
Analysis and Significance.....	3-3
Combined Project Effects	3-5
4. Groundwater.....	4-1
Introduction.....	4-1
EIS Summary	4-1
Study Areas.....	4-2
Baseline.....	4-2
Effects on Groundwater	4-4
Effect Pathways	4-4
Effect Attributes.....	4-4
Analysis and Significance.....	4-6

Combined Project Effects	4-8
5. Hydrology	5-1
Introduction.....	5-1
EIS Summary	5-1
Study Areas.....	5-2
Baseline.....	5-2
Effects on Runoff Amount, Drainage Pattern and Water Level and Velocity.....	5-8
Effect Pathways	5-8
Effect Attributes.....	5-8
Analysis and Significance.....	5-8
Effects on Sediment Concentration	5-15
Effect Pathways	5-15
Effect Attributes.....	5-16
Analysis and Significance.....	5-17
Effects on Channel Morphology.....	5-19
Effect Pathways	5-19
Effect Attributes.....	5-20
Analysis and Significance.....	5-20
Combined Project Effects	5-21
6. Water Quality	6-1
Introduction.....	6-1
EIS Summary	6-1
Study Areas.....	6-2
Baseline.....	6-2
Effects on Water Quality	6-6
Effect Pathways	6-6
Effect Attributes.....	6-8
Analysis and Significance.....	6-9

Combined Project Effects	6-12
7. Fish and Fish Habitat.....	7-1
Introduction.....	7-1
EIS Summary	7-1
Study Areas.....	7-2
Baseline Methods.....	7-3
Baseline Methods.....	7-4
Regional Setting.....	7-4
Baseline – Dickins Lake Section	7-6
Baseline – Vardie River Section.....	7-30
Effects on Fish and Fish Habitat.....	7-37
Effect Pathways	7-37
Effect Attributes.....	7-41
Analysis and Significance.....	7-42
Combined Project Effects	7-54
8. Soils, Landforms and Permafrost	8-1
Introduction.....	8-1
EIS Summary	8-1
Study Areas.....	8-2
Baseline.....	8-2
Effects on Uncommon Landforms and Ground Stability	8-9
Effect Pathways	8-9
Effect Attributes.....	8-9
Analysis and Significance.....	8-9
Effects on Soil Quality.....	8-14
Effect Pathways	8-14
Effect Attributes.....	8-16
Analysis and Significance.....	8-16
Combined Project Effects	8-19

9. Vegetation	9-1
Introduction.....	9-1
EIS Summary	9-1
Study Areas.....	9-2
Baseline.....	9-2
Effects on Vegetation Distribution and Abundance	9-14
Effect Pathways	9-14
Effect Attributes.....	9-14
Analysis and Significance.....	9-14
Effects on Vegetation Health.....	9-19
Effect Pathways	9-19
Effect Attributes.....	9-19
Analysis and Significance.....	9-19
Combined Project Effects	9-22
10. Wildlife	10-1
Introduction.....	10-1
EIS Summary	10-1
Study Area	10-2
Baseline.....	10-2
Effects on Habitat Availability	10-3
Effect Pathways	10-3
Effect Attributes.....	10-5
Effects on Wildlife Movement.....	10-10
Effect Pathways	10-10
Effect Attributes.....	10-11
Analysis and Significance.....	10-11
Effects on Wildlife Mortality.....	10-13
Effect Pathways	10-14
Analysis and Significance.....	10-14

Combined Project Effects	10-16
11. Socio-Economics	11-1
Introduction.....	11-1
EIS Summary	11-1
Study Area	11-3
Industrial and Commercial Centres and DTFN Communities...	11-3
Baseline.....	11-4
Methods.....	11-4
Socio-Economic Effects.....	11-4
Effect Pathways	11-4
Effect Attributes.....	11-5
Analysis and Significance.....	11-6
Procurement, Employment and Regional Economic Effects – Northwestern Alberta.....	11-6
Procurement, Employment and Regional Economic Effects – DTFN	11-8
Alberta Economic Effects.....	11-8
Effects on Gross Domestic Product	11-8
Employment Effects.....	11-9
Labour Income Effects.....	11-10
Transportation.....	11-10
Land and Resource Use	11-11
Combined Project Effects	11-11
12. Public Participation	12-1
Mackenzie Gas Project Public Participation.....	12-1
Northwestern Alberta Public Participation	12-1
Meetings with the Dene Tha’ First Nation	12-2
Other Meetings.....	12-3

Issues Raised.....	12-4
Future Participation Activities.....	12-4
13. Cumulative Effects.....	13-1
Introduction.....	13-1
EIS Summary.....	13-1
Study Areas.....	13-2
Baseline.....	13-2
Analysis and Significance.....	13-3
Combined Project Effects.....	13-7
14. Alignment Sheets.....	14-1
Introduction.....	14-1
Sheet Content.....	14-1
Interpreting Alignment Sheets.....	14-2
Methods.....	14-2
Copyright.....	14-2
Overview Map: Dickins Lake and Vardie River Sections	
Index Map 1: Vardie River Section	
Index Map 2: Dickins Lake Section	
Sheet 1 of 14: Vardie River Section	
Sheet 2 of 14: Vardie River Section	
Sheet 3 of 14: Vardie River Section	
Sheet 4 of 14: Vardie River Section	
Sheet 5 of 14: Vardie River Section	
Sheet 6 of 14: Dickins Lake Section	
Sheet 7 of 14: Dickins Lake Section	
Sheet 8 of 14: Dickins Lake Section
