

Table of Contents

4 Groundwater..... 4-1

4.1 Introduction..... 4-1

4.1.1 Focus..... 4-1

4.1.2 Summary of Findings..... 4-1

4.1.3 Traditional Knowledge 4-3

4.2 Assessment Approach..... 4-5

4.2.1 Key Issues..... 4-5

4.2.2 Valued Components and Key Indicators 4-6

4.2.3 Key Question and Effect Pathway Diagram 4-8

4.2.4 Effect Descriptions..... 4-9

4.2.5 Study Areas and Boundaries..... 4-11

4.2.6 Analytical Approach 4-15

4.3 Effects on Groundwater 4-17

4.3.1 Effect Pathways 4-17

4.3.2 Overview of Project Design and Mitigation 4-26

4.3.3 Niglintgak 4-29

4.3.4 Taglu 4-34

4.3.5 Parsons Lake 4-35

4.3.6 Gathering Pipelines and Associated Facilities 4-37

4.3.7 Pipeline Corridor..... 4-43

4.3.8 Northwestern Alberta..... 4-50

4.3.9 Infrastructure..... 4-51

4.3.10 Significance of Effects..... 4-56

4.4 Monitoring 4-63

4.4.1 Compliance Monitoring..... 4-63

4.4.2 Effects Monitoring..... 4-63
