

**Table of Contents**

**7 Fish and Fish Habitat..... 7-1**

7.1 Introduction..... 7-1

7.1.1 Focus..... 7-1

7.1.2 Summary of Findings..... 7-1

7.1.3 Traditional Knowledge ..... 7-5

7.2 Assessment Approach..... 7-9

7.2.1 Key Issues ..... 7-9

7.2.2 Valued Components and Key Indicators ..... 7-10

7.2.3 Key Questions and Effect Pathway Diagrams ..... 7-21

7.2.4 Effect Descriptions..... 7-21

7.2.5 Study Areas and Boundaries..... 7-24

7.2.6 Analytical Approach ..... 7-24

7.3 Effects on Fish ..... 7-31

7.3.1 Effect Pathways ..... 7-31

7.3.2 Overview of Project Design and Mitigation ..... 7-67

7.3.3 Niglintgak ..... 7-73

7.3.4 Taglu ..... 7-90

7.3.5 Parsons Lake ..... 7-95

7.3.6 Gathering Pipelines and Associated Facilities ..... 7-100

7.3.7 Pipeline Corridor..... 7-124

7.3.8 Northwestern Alberta..... 7-145

7.3.9 Infrastructure..... 7-148

7.3.10 Significance of Effects..... 7-179

7.4 Monitoring ..... 7-189

7.4.1 Compliance Monitoring..... 7-189

7.4.2 Effects Monitoring..... 7-190

7.5 Watercourse Crossings..... 7-191
